

ABC Digitale Geletterdheid

Wie zegt er dat vlaggetjes alleen leuk zijn voor in de klas? Kunnen jouw collega's hun digitale kennis ook wat opstoften? Hang deze vlaggetjes op in de personeelskamer of in de hal en kijk welke woorden jullie allemaal kennen. Wil je het gesprek wat op gang trekken? [Print de uitleg van de woorden uit](#) en stop ze in een babbelbox. Verzin bij elk woord een leuke (discussie) vraag.

Heb jij het anders aangepakt? We zijn benieuwd!
